This breeding agreement allows to produce 1 foal.

I understand that my mare must be examined by a licensed veterinarian with an ultrasound machine at about 18 and about 50 days after the last breeding day. Stallion Manager will need to be notified of her pregnancy status at that time by phone or email so a breeding certificate can be issued after the breeding season, before foaling.

This contract includes three doses of frozen semen unless otherwise indicated in writing. The Stallion Manager assumes responsibility to have available for pick-up or delivery 1 - 5ml straw per dose in viable condition at the time of shipping to the below shipping address. This semen must be administered by a licensed veterinarian or by a breeding technician approved by Stallion Manager only to the mare named in this agreement. If semen shipments are used for a mare other than named in this agreement without approval from the Stallion Manager the standard posted breeding fee and completed contract shall be due and submitted to Starfire Gypsy Vanner Horses immediately.

In case the mare does not conceive on the first shipment of 3 doses, Stallion Manager will honor return privileges for the contracted mare and a second shipment of 3 doses of frozen semen can be ordered at the cost of \$1000 plus shipping expenses. If the contracted mare does not conceive after breeding with 6 doses of frozen semen, mare owner has the option to convert this contract into a fresh semen contract with one of the Starfire owned stallions. There will be a \$1000 transfer fee and a new breeding agreement will be signed. A mare may be substituted with permission of the Stallion Manager and a statement from a licensed veterinarian confirming the original mare on contract is barren. This contract is only transferable upon approval with written permission of Stallion Manager.

The Mare Owner shall assume all responsibility for the condition of the mare and shall bear all risk of loss or damage to the mare whether by death, disease, injury, infection or otherwise, and by any cause whatsoever, and therefore agrees to hold the stallion manager, owner, keeper, or agent harmless for any and all damages associated therewith.

Fill out completely or return with a copy of mare's papers so we can complete your breeding certificate. Breeding reports are sent to the major registries. Stallion certificates of service are sent to you, after receiving breeding dates and pregnancy confirmation. Notify Starfire Gypsy Vanner Horses ASAP with breeding and pregnancy information. We cannot issue certificates without this information.
